

## Concerned about unexpected emergencies?

Brussels wants to prepare us for hybrid attacks, sabotage and worse war, reports the press today.

Now it is high time to seriously work on **Plan B**, not having to worry about your own security, electricity, heating, air conditioning, satellite communication, stock of food, water, drinks, fuel, etc.

For instance a second accommodation that can move around, such as a Superyacht!

For example, boarding somewhere around the Mediterranean Sea, easy to reach and from there cruise relaxed to somewhere else.

Let us have a good discussion about living in your own bubble with family and friends. We at Superyachts Europe specialize as purchase consultants of Superyachts. Listening, advising and guiding you throughout the entire acquisition process. Please feel free to contact me personally.

**Superyachts Europe** is an independent "Boutique Superyacht Consultancy", with the highest level of quality services, standing up for the buyer's interests. We monitor the definition, search, selection, purchase and delivery of any pre-owned Superyacht, worldwide.
